As a part of our service to our authors, Creative Team Publishing (CTP) provides the artwork and design for the front and back covers of your book for a book in the **Superior Package** category. Your cover will be designed for maximum impact and sales. A minimum charge is \$750.00 complete in addition to production fee. Price will be more if deemed necessary, and a quote must be agreed to by copyright owner. Covers provided as part of the Superior Package are four-color, front and back, price(s) above.

Covers provided as part of the **Streamline Package** are also four-color utilizing a template that we custom design and apply to your book. Rates are less and subject to quote and copyright owner agreement.

We invite and encourage authors to send us their ideas and illustrations for consideration. CTP makes the final decisions with copyright owners/authors on the cover content and layout.

It is important that if you have any artwork you want considered for use that is not your own, that is, for which you do not own the copyright, regardless of media or source, *written permission from the owners of the artwork must be obtained for any use.*
